EASTERN NATIONAL LIVESTOCK SHOW

November 10-15, 1951

Timonium, Md.

PRICE 50 CENTS

Everywhere you go - from Oregon to Maine, and from Canada to Mexico, you find the Armour name on fine hams, bacon, beef, sausage and other meats in retail stores—products that sell readily, because the Armour name is known and respected by consumers.

To produce high quality meat products, it is necessary to have high quality “raw material.” Eastern National Livestock show champions guide producers in marketing livestock of the most desirable type, size and finish.

To producers, the Armour trademark is a badge of fair dealing and honest service. To consumers, the country over, the Armour label means quality foods.

AN INVITATION TO BECOME A MEMBER

The Eastern National Livestock Show, Inc., is composed mainly of people who are interested in livestock development in the eastern states in particular and agriculture in general. The fact that the Eastern National is extending its base of influence, necessitates a solicitation for increased membership to place it on a sound financial basis and assure its continuing success.

Particularly, every breeder and every business man who is located within the scope of influence of this Show should become a member of the Eastern National and help to support it. In fact, any friend of agriculture and the livestock industry should want to become identified with this great Show.

Therefore, if you have not already become a member of the Eastern National Livestock Show, Inc., we invite you to join with us in this worthwhile project and shall appreciate your check for \$25 to cover membership dues. We also solicit those who can afford to do so, to make as generous as possible subscription to its Sustaining Fund. Don't wait for a personal solicitation. Draw your check and send it to Maryland State Fair Grounds, Timonium, Maryland, or if you are visiting the Show you can leave it at the Show office.

I know that it will be a source of real satisfaction to you to be associated with this show, and needless to say, we shall appreciate your support very much.

UNION STOCK YARD COMPANY

BALTIMORE, 23, MD.

Our business is the link between the packer and producer of live stock.

The importance of the services we render is reflected in the ever increasing daily consignments arriving at the Yards to be sold by commission firms.

Ship your livestock to a market that is served by competent commission firms, and where there are buyers for all classes of livestock regardless of type or finish.

Let us prove to you that there are "greater net returns" from a market where there is daily competition among many local and out of town buyers.

LAWRENCE R. HATTER,
President.

BETTER GRAZING

BEGINS WITH

V-C

V-C Fertilizers help grazing crops to make quick, vigorous growth, rich in proteins, minerals, vitamins and other nutrients. Grazing this high-quality, appetizing, green forage, dairy cows increase milk production and meat animals rapidly put on valuable weight.

When you use enough V-C Fertilizers, you not only produce more and better grazing. You also extend your grazing season early and late—thus getting many extra grazing days. By producing low-cost, high-quality, green feed, which animals can harvest, V-C Fertilizers save labor and reduce expensive barn feeding.

See your V-C Agent! Tell him you want the right V-C Fertilizers for your grazing crops. Better grazing begins with V-C Fertilizers!

Fertilize Your Pastures Now With

DAYCO GRANULATED

**PRODUCE HEALTHIER,
MORE PROFITABLE LIVESTOCK**

By fertilizing your pastures now, you hurry up the early bite of mineral-rich grasses. You'll be able to save costly barn feeding by getting your livestock out of the barn up to three weeks earlier this Spring and keeping them out weeks later in the Fall.

By using Davco Granulated, you make the job a lot easier on yourself too. You see, Davco is put through a special granulating process that forms it into porous individually-hardened particles. So, dusting and caking are a headache you can forget—because Davco Granulated slides “free and easy” through the drill and stays right where you put it. Every part of the pasture gets just the right amount of the right fertilizer—Davco Granulated.
